The world of Mirror's Edge: Catalyst is absolutely beautiful with extremely stunning visuals and this poster collection indeed does it justice. Each is extremely detailed and very well done. The collection consists of twenty pieces varying in great choice of selection with Faith present in just under half of them. The posters are quite large, are thick enough feeling great to the touch, and would do well in a wall frame or perhaps more aesthetically pleasing on their own. Whether you are just beginning your collection or adding to it, this is an excellent choice for any fan of Mirror's Edge. With how well this poster collection turned out, there appears to be great promise for the upcoming full art book collection as well. The City of Glass has always inspired sheer awe within its audience and Mirror's Edge: Catalyst

along with the help of this poster collection truly bring it to Life.3 of 4 people found the following review helpful.
Great for mirrors edge fansBy DerBear7Great poster book over all, high quality. Although it felt sort of empty. There's a couple great posters of Faith. Some of the city imagines look like screen shots from the game though. I did like the concept art of the city more. Great price with prime as well!0 of 0 people found the following review helpful. Just Awesome!By Ekrem EroI was expecting Erika Connors too, but no need to cut a star for it!

Mirror's Edge: Catalyst, has set the bar for elegant design and stunning visuals in video games. Dark Horse's oversized collection of 20 high quality art prints allows you to experience the gorgeous world of the smash-hit video game whenever and wherever you desire!
