A MUST-HAVE MUNSTER LOVERS BOOK ! By Jonnie King THE MUNSTERS IS ONE OF THE most-revered Cult Classic Comedy TV Series of all-time, and Butch Patrick, in the role of Eddie Munster was a major part of that Series...his contributions to the show at his young age is what helped to make it the success that it was. For the 50th Anniversary of The Munsters in 2014, Butch self-published a limited-edition hard cover of this book, and it was so successful that it really called for a reprint and that's how this truly well-done Tribute to the Series, fans of the Series, and, those who were a part of the show itself, was published in this paperback version. The book answers many questions such as who was the original Lily Munster ? How was Eddie's action-figure/doll Woof Woof (Woofy) created, and who was its likeness patterned after ? And, who were some of the actors/actress' who made their earliest TV appearances on The Munsters ? The rare, never-before-seen-photos, the Interviews with those who were there at the time, and, the memories of Butch Patrick, the super-fans that love the show, and the section of Munster Collectibles are just fantastic ! Also, The King Of The Kustomizers, the late-George Barris, shares his memories of the show...as well as his building the Munster Koach Drag-U-La, and racing at the Drag Strip in the fan-favorite Hot Rod Herman Episode. I got the chance to share a weekend with Butch in the Summer of 2016, and he's one of the nicest guys you'll ever meet ! AND, if you LOVE The Munsters, ya gotta have this book ! In fact, if you have a Munsters Fan Friend that you really care about, pick up a

copy for them too !!4 of 4 people found the following review helpful.
