**Walter M. Cline : Muzzle Loading Rifle Then and Now** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Muzzle Loading Rifle Then and Now:

0 of 0 people found the following review helpful. This is an excellent book for all interested in the history of the ...By Mtn man This is an excellent book for all interested in the history of the men who founded the national muzzle loading assoc. I had the luck to have known two of them Bill Large and bill Louderback. These are part of the men who kept this sport alive. The history of Walter Klien and how things were done back then make you appreciate what we have now. Lots of tidbits of knowlage if you pay attention to the stories and tables in the book. 0 of 0 people found the following review helpful. Not anywhere near as informative of comprehensive as the title would imply By pjb2643 It's a rather shallow look at the topic of "the muzzleloading rifle, then now. It almost has the feel of a collection of short

stories. I found it difficult to keep my attention with the book as I made my way through it. 0 of 0 people found the following review helpful. Five Stars By Charlene M. Better than advertised. Excellent condition.

This extensive compilation about the muzzleloading rifle contains a cross section of the preserved data concerning the development of the "hallowed ole arms of the Southern highlands." Table of Contents Chapter 1 The Muzzle-Loader is Born 2 Making the Barrels 3 Shootin' at Raven Rock 4 Development of the Rifle 5 The Rifle in the American Revolution 6 Arms and Ammunition in the U.S. Civil War 7 My Gun Collection 8 Modern vs. Old-Time Methods 9 Proving Accuracy by Tests 10 Hunting in the Great Smokies 11 Mountain Smiths and their Craftsmanship 12 Building Two Rifles from a Junk Pile 13 Frontier Riflemen in American History 14 Match Shooting Today in Tennessee 15 The Revival of the Matches Appendix
