From Brand: Checkerbee Pub : NASCAR Die-Cast Collectibles: Collector's Value Guide (Collector's Value Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised NASCAR Die-Cast Collectibles: Collector's Value Guide (Collector's Value Guides):

5 of 6 people found the following review helpful. nascar madnessBy A CustomerThe book was very well written, with much research. Very useful for for all Nascar cars collectible's fanatics. Much information on each Nascar driver.A

good source to keep track of value of current and older cars .Being able to keep track of your own cars with space provided for each car with driver . It also has a lot of history about Nascar Legends , living and decseaed . The only part that disappointed me was,that ther where only NINE drivers listed,with pictures of there cars. Granted these were the Top ones , I was still not 100% happy with the book .To me ,there are way, way more than NINE great NASCAR drivers that sould have been mentioned .
