**Pat Murphy : Noritake for Europe (Schiffer Book for Collectors)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Noritake for Europe (Schiffer Book for Collectors):

This is the first book dedicated to ceramics exported to Europe by the venerable Noritake firm, established in Tokyo in 1876. Over 580 vibrant color photographs display the porcelain tablewares, tea, chocolate, and coffee sets, dressing table sets, and vases produced from 1891 to 1939. Decorative motifs displayed include nineteenth century formal, Arts Crafts, Art Nouveau, and Art Deco designs. The text provides a company history, backstamp explanations, a glossary, and a comprehensive guide to collecting. Values are included in the captions in both U.S. dollars and English pounds.

About the AuthorPat Murphy collects and deals in pre-war Noritake. He is one of the founders of the Noritake Collector's Club and edits their quarterly newsletter.
