Marie Tedford, Pat Goudey : Official Price Guide to Books, 5th Edition (Official Price Guide to Collecting Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Official Price Guide to Books, 5th Edition (Official Price Guide to Collecting Books):

0 of 0 people found the following review helpful. Collecting Books ReviewBy Gracie S. ShellitoThis is a great book

for someone who is just learning the values of collectible books. Even though it's a few years old it gives you a great starting point. It lists a few hundred titles and gives the price that was feasible at that time. As in all antique items you pretty much just have to add about a ten percent per year increase to the values. Some books have increased in value over the years while others may have decreased. More up to date books of this type would definitely cost a lot more. I highly recommend this book as a tool for learning the trade. 13 of 14 people found the following review helpful.

Official Price Guide to Books, 5th Edition (Official Price Guide to Books) By Graham S. Bell As a book collector I was disappointed with this book. The text was generally informative but I found the collectible book listing unreliable vis; The author Patrick O'Brian was spelt O'Brien and his first book "Master and Commander" (the most valueable in the series) not even listed. Also a number of collectible authors of modern 1st's were not listed. Little things like this jaundiced my view of the efficacy of the publication. A much better book is "Guide to First Edition Prices 2008/9 R.B Russell. 0 of 0 people found the following review helpful. Three Stars By Kenneth Eichholz Could have been better.

Books are some of the oldest and most distinguished collectibles—the newly revised, fifth edition of The Official® Price Guide to Books reflects the current marketplace with new books and prices! • This guide prices everything from rare signed first editions of The Wizard of Oz to today's Harry Potter blockbusters. • Contains information on popular genres, care and repair, research resources, Internet sites, dealers, and auction houses.

About the Author Marie Tedford started out in the book business as a scout in Rochester, New York. She is a writer of nonfiction and has written children's books for an educational publisher. Marie is a general bookseller in Underhill Center, Vermont. Pat Goudey, Marie's daughter, has worked as a newspaper reporter and has her own editorial service's company, the Editorial Resource Center, in Warren, Vermont.
