Old Time American Cities and SightsBy JHaasMy rating is based on image quality. Far too many images are only poor to fair and require further editing to make them usable for my purposes.

Vintage postcards from the first half of the 20th century recapture the scenic grandeur of resort areas and the bustling civic pride of downtown streets. Loaded with nostalgic charm, 262 images offer a wealth of panoramic scenes. Ideal for hobbyists and scrapbookers, this original collection is also a perfect resource for professional graphic artists.
