Marguerite J. Daly : Once Upon a Time . . . : . . . A Journey Began before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Upon a Time . . . : . . . A Journey Began:

With technology being the Primary mode of Communication in today's world ~ I feel that the Family Structure has been neglected to the point of Extinction. Everyone is "too busy" to take the Necessary time needed to truly know "Where" their family came from . . . there are too many "fragments" for anyone to "pull it all together". The Family Traditions ~ Stories . . . that had begun long ago are all but forgotten now because No one took the time to put these things down In Writing Somewhere . . . to look back on. We have The Family Albums of our Loved Ones, but what of the Story behind the pictures? The Memories that are so much a part of a Family's History, are no longer spoken of . . . or are perceived as "the ramblings musings of The Old Ones . . ." The Art of Writing Conversation MUST Be

Preserved for our Family now and in the Future Generations To Come. This Legacy Book is meant to become a Treasured Heirloom, to be passed down from Generation to Generation . . . with all the Fond Memories and Milestones that can be filled on these pages. Each Person adding his or her own "thread" to this "Tapestry" that we call LIFE.
