Alphonse Maria Mucha : Original Mucha Postcard Designs: 24 Art Cards (Card Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Original Mucha Postcard Designs: 24 Art Cards (Card Books):

The 24 cards are as follows: all 12 from Les Mois (The Months) - Mois artistique et litteraire (1898); Topaze of the Precious Stones series; Femme a la Plume (Woman with a Quill); Le Crepuscule (Dusk); Fleur de cerisier (Cherry Blossom); Exposition de 1900 (Exhibition 1900); Dessin pour un eventail (Design for a Fan); L'enfance (Childhood); Dessin pour un programme (Design for a program); 4 Moet et Chandon Menus. Overall, I was disappointed in the color clarity - Topaze and the Moet et Chandon menus seemed over-saturated and Fleur de cerisier seemed too light. All the prints are on the grainy side, as well - I would venture to say my color printer would do as well. I wouldn't say these cards

are of framing quality, as I had originally hoped, but they are perfectly suited for sharing your love of Mucha with friends by mail.0 of 0 people found the following review helpful. Beautiful picturesBy anniebBeautiful pictures, I can't wait to use them. Unfortunately, the one picture I hoped to see wasn't in here, but they are lovely, just the same.3 of 3 people found the following review helpful. Mucha PostcardsBy Connie Lynne RobertsIf you love Mucha's work and cannot afford to go out and buy posters, prints or delicious books then this is your answer. These cards can be used to frame or decoupage etc. They are beautiful and the detail and color are how they should be, I have seen others and they are washed out and the detail is not that good.I received this quickly with no delays.

Charming reproductions of rare original cards by great Art Nouveau master. Voluptuous females, lush florals, more.
