Georges Bernage : Panzers En Ukraine (French Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Panzers En Ukraine (French Edition):

0 of 0 people found the following review helpful. Great Photographs By Daniel S. A large format book with hundreds of quality photos of Kleist's 1st Panzer Army in the Soviet Union from June-December, 1941. The photos are clear large format and show vehicles, uniforms and equipment. There are also sections of unit commanders and Knight Cross winners. The text is FRENCH ONLY (which kept it from being 5 stars) but the photos and tactical maps speak for themselves.

Panzergruppe 1 Kleist spearheaded the operations of Army Group South during Operation Barbarossa and played a decisive role in the German conquest of the Ukraine. Detailed captions accompany more than 350 photographs. There are also biographies of the principal officers. French Text
