R. B.; Quirke, Stephen Parkinson : Papyrus (Egyptian Bookshelf) before purchasing it in order to gage whether or not it would be worth my time, and all praised Papyrus (Egyptian Bookshelf):

Excellent book for the price but....By Darlene MurrayIt's an excellent book on the history of papyrus but I would like to see the author expand more on the actual making of the product in detail, both in ancient times and today. Excellent book for the price and very well written. There are a few websites showing how to make the product that are well illustrated but please...where can I purchase a book that I can lay down beside me as I work? Will someone publish one?
