Peter Linney has photographed hundreds of collectible cars, and in this book he illustrates 20 of his favorites, including a 1932 Ford Roadster, a special car built by Boyd Coddington, a 1953 Studebaker and a 1970 Dodge Charger. Linney specializes in photographing these expensive automobiles at sunset on some of the most beautiful beaches in the United States, creating dazzling images that please the eye. Linney also tells the story behind each car and its owner, offering insight into a hobby that most of us can only dream about!
