0 of 0 people found the following review helpful. His choices are far from America's best hot rodsBy Bob SchlackYou can really tell that the writer is foreign. The title sure didn't live up to the contents. His choices are far from America's best hot rods. And his writing showed a lack of real hot rod knowledge. I'm sorry I bought this book and I even threw it out in the garbage.

Peter S. Linney takes you on a visual journey through his 30-plus years of photographing hot rods in "Picture Perfect: The Best of America's Hot Rods." This book features 20 of the most spectacular hot rods Peter has photographed in his career, including Fords from the 1930s, Cadillacs from the 1940s, Boyd Coddington's 1957 CheZoom and many other fine automobiles.
