Customer This is a great little book...about an inch thick. It's a series of post-card like images on post card stock and includes a quotation or some bit of info/trivia about pin up models, artists, or society . I'm into pin-ups, so I really liked it. (If you are one who thinks such "good girl art" is not PC....well, that's your right and opinion...you're wrong, but it's your right to be wrong! You might not like it.) No nudity or terrible stuff...just images of pretty girls and unique situations...art is mostly from the 40s-60s...before the "raunch" got into the genre and upset so many people. Thanks to , as usual for the great product and service!

This lovely gift book—available in three striking cover options that will be shipped to customers at random—will beguile a new generation with flirtatious representations of femininity from the 1940s and 50s. Illustrations of irresistible pinup models bring teasing frivolity to a range of everyday situations, organized thematically from morning to evening. From sun-kissed beauties at the beach to ski bunnies hitting the slopes, bedside nurses ready to take your temperature to scantily clad runaways, rakish shipmates to not-so-conscientious secretaries, these smiling cuties are ready for fun. Representations of women who embrace their sexuality—flirtatious but never vulgar—have been around since the late nineteenth century, but the pin-up genre skyrocketed into popularity during World War II. The penny arcade trading cards originally viewed on a peep-show style reel and reproduced here as detachable illustrations feature both established pin-up artists and those waiting to be rediscovered. Each illustration is accompanied by a humorous and memorable celebrity quote.

About the Author Gil Elvgren, Earl Moran, Al Buell, Edward d'Ancona, and Earl Christie were master illustrators of the pin-up genre. Exhibit Supply Company produced these collectible lithographs in lots of ten cards from 1940 to 1954
