Theodore L. Hake : Political Buttons, Book III 1789-1916: A Price Guide to Presidential Americana before purchasing it in order to gage whether or not it would be worth my time, and all praised Political Buttons, Book III 1789-1916: A Price Guide to Presidential Americana:

1 of 1 people found the following review helpful. Political ButtonsBy d.peckPurchased for my son in law who collects pins. He really enjoyed going though it to see all of the different pins. Prices on the pins in this book are out of date, but it lets you see what is out there.0 of 0 people found the following review helpful. Five StarsBy JohnExcellent hard cover book in fine condition.

The finest collections throughout the country were photographed to assemble this remarkable record of American political history since George Washington's era. The book prices and pictures in black white 4,000 presidential

campaign items such as portrait badges, ribbons, textiles, tokens, posters, china, canes, mechanical novelties, flags, ferrotype and cardboard badges, celluloid badges, and many other unusual campaign collectibles. Complete election statistics are included and each item has a code number. This is the first and only comprehensive reference work on presidential campaign artifacts of the 19th century.
