**Adua D Ring : Positively Tallulah** before purchasing it in order to gage whether or not it would be worth my time, and all praised Positively Tallulah:

Tallulah Fallulah is a happy and friendly girl who goes to Daisy Elementary School and has a POSITIVE attitude towards everything! She is faced with issues involving other kids at school who make fun of her for her unique name

and quirky style. Tallulah doesn't let any of it get her down. Instead, she would rather be friends with everyone and turn the bad things into good things. Eventually, Tallulah gets the other kids to see things the way she does...  
**POSITIVELY!**
