From Brand: Antique Trader Books : Pottery and Porcelain Ceramics Price Guide (Antique Trader's Pottery Porcelain Ceramics Price Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pottery and Porcelain Ceramics Price Guide (Antique Trader's Pottery Porcelain Ceramics Price Guide):

0 of 0 people found the following review helpful. A nice effort, well organized...By Laura Haggarty This is a useful book. Many people tend to reach for the Kovels guides as a first resort, and I must admit I do so sometimes myself. But some of the more general guides they do are not as well organized as they could be. This book is organized well, contains a relatively thorough listing of the more common types of pottery and porcelain (although many of the more obscure types are not listed at all). The pricing part, alas, has the same problem that so many other reference books on collectibles deal with today, that being the effect that online auctions have had on pricing. So it may not reflect prices you'd see on Ebay or 's auctions. But the prices give one a baseline from which to work, and seem accurate with regards to most markets. And the book is a convenient size to slip into your bag when you go to an antique store or live auction. 17 of 17 people found the following review helpful. Nice book, but...By Annette This is a nice book, but not broad enough, very limited on pieces displayed/reviewed. Also, the known makers marks for the companies included within the book are few and far between. Not every company represented in the book marks are shown, they should be. It makes a difference when trying to figure dates of manufacture etc.

Brand new, personal copy, never read/used in Mint condition. Personal copy, smoke-free home. Money back guarantee. Next day shipping, free delivery confirmation. Combine orders with our other china /porcelain books save on shipping.
