Edward Matunas : Practical Gunsmithing before purchasing it in order to gage whether or not it would be worth my time, and all praised Practical Gunsmithing:

0 of 0 people found the following review helpful. No handguns whatsoeverBy C. W. SayreVery deceptive cover photo; this book is all about rifles and shotguns, with NO revolver or pistol smithing info whatsoever.2 of 2 people found the following review helpful. Practical GunsmithingBy EsvetrjThe gunsmithing course I am taking was adapted from this book. It has allowed me to study for a lesson while awaiting for the lesson plans to arrive. Although the course has more information, this book has been an asset.0 of 0 people found the following review helpful. Just what I neededBy Casey SumrallArrived on time, just what I needed for the job has a lot of good information in it.
