pictures aren't in color and that was a big disappointment.0 of 0 people found the following review helpful. Five StarsBy Judith GrowneyMy Great Uncle is in the book40 of 42 people found the following review helpful. Before you buy this...By Barb V. You need to know that there are NO color pictures in this guide. This book has small bw photos of what must be nearly all of R.A. Fox's prints with a price guide. It's great to know all the names of the pictures that I have, and the one's that I've seen that I would like to have. However, this book is better for someone with better eyes than I have. For me, the bw photos are too small to distinguish much of the detail.

Expanded to over 1100 photographs, this comprehensive second edition contains more than 185 new images, current and accurate market values, pictures with the prices on each page, and every print identified to date. The author, Patricia Gibson, brings you the most complete and informative reference available anywhere. Owning the largest collection of R. Atkinson Fox in the world, she is widely considered to be the expert in dealings with these artists' works.
