WilliamsThis is exactly what it says. It is a comprehensive guide to the major die-cast manufacturing products of Nascar. It is precisely what I needed to

help me price my collection. You get the checkered flag on this one!0 of 0 people found the following review helpful.
okayBy Keith A. Llewellyni didn't realize it was the 2000 version , my own fault,not much good being so outdated!!

Beckett Racing Motorsports Marketplace senior editor Mark Zeske and staff have compiled the most comprehensive sourcebook for racing die-cast replica collectors. This incredible book features page after page of color photos, pricing and checklists for all scales of racing die-cast cars. Manufacturers listed include Racing Champions, Action Performance, Revell, Winner's Circle, Hot Wheels and many more. Includes sections on how to start your collection and hints for storage and display, plus checklists for the top 12 NASCAR drivers. It's a must-have for die-cast collectors and race fans!
