Sandy Fichtner, Lynn Ann Russell : Rainbow of Rhinestone Jewelry: With Price Guide and Repairing Suggestions (A Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rainbow of Rhinestone Jewelry: With Price Guide and Repairing Suggestions (A Schiffer Book for Collectors):

8 of 8 people found the following review helpful. Better pictures on EbayBy Curious collectorI bought this book based on the one review, and I have to completely disagree. The pictures in this one are dark and muddy, it's very hard to see details. And that's the point, isn't it? The cleaning and repairing chapter is moderately helpful if you have no clue. The chapters are arranged by COLORS. Not by designers, or eras, or anything else that might make sense. The author will mention that something is in the style of Schreiner, but never go into any detail about what that style might entail. A waste of money.0 of 0 people found the following review helpful. Four StarsBy popcornloved the vibrant colors in this book0 of 0 people found the following review helpful. One StarBy patricia sprouseJust a picture book with very little information.

Over 450 color photographs display thousands of signed and unsigned jewelry pieces arranged by color and designs. This book brings fact and practical advice to the joy of owning beautiful rhinestone jewelry. The repairing suggestions result from the author's experience caring for their own collections so that you, too, can learn to carefully clean, repair and store your jewelry. Current market values are with the captions.
