2 of 2 people found the following review helpful. Thrilled with the patterns!By Nina Nina Bo BinaI haven't read all the articles. They are a very brief overlook of the history of some popular dolls and their fashions. The photos are great... this will be a fun book for light doll reading before I fall asleep. I am most excited about the patterns... haven't tried them yet, and if you're not familiar with sewing these aren't the patterns for you... very little instruction although, they are some very basic styles ranging from 1910 to 1980; 7 pages of patterns for 16" dolls and the best part... they

are from the House of Wentworth!! The paper doll is a pretty full page fold out with very dark colors... if you're artsy-crafty the page might prove even more useful. For the \$17 dollars I spent for the book and shipping, I'm quite pleased. This book may end up giving me hours of entertainment between the reading, pictures for reference and especially, the sewing patterns. What's not to like, right?!0 of 0 people found the following review helpful. The book gives you great ideas for making clothing from different periodsBy Janis FreemanThe book gives you great ideas for making clothing from different periods. It was very helpful and in great condition

A United Federation of Doll Clubs 2005 Convention Souvenir Journal Set. This boxed set holds a chronological compendium of insightful studies by renowned experts and photographers of dolls, clothing and society over the past 250 years. It also includes a boxed set of magazine, paper doll, 6 patterns, and a book in slipcase.

About the AuthorPat Henry (Puerto Vallarta, Mexico), a recipient of the Joshua Slocum Society International Golden Circle Award, has sailed 80,000 miles on small boats. She is a contributing writer to "SAIL "magazine.Lynn E. Murray is the Principal Investigator on an Instructional Leadership and Comprehensive School Reform project and the former Co-director of the Vermont Teacher Quality Project both housed at the Vermont Institutes in Montpelier, Vermont. She recently collaborated with her colleagues in the Teacher Quality Project in the publication of the Vermont Field Guide to Educator Mentoring. For the past 30 years, she has served as principal of both a large suburban K-8 elementary and middle school and a smaller rural elementary school, served as a director of special education, and Vermont state department consultant and grant writer, Professor of Education and Chair of Teacher Education at Trinity College, Burlington, Vermont. She co-developed and co-directed the first Northeast Regional Resource Center that served New England, New York and the Puerto Rico, and was a member of the research and development staff of the Northeast Regional Lab. She has studied intensively with Robert Fritz for the past three years, and is an experienced trainer for his organization.
