In the tradition of the best-selling pedal car book series, the old riding toys of the early 1900's and before have a volume to call their own. No pedal cars in this book, but plenty of tricycles, Irish mails, scooters, wagons, handcars, rocking horses, and more. Manufacturers such as Triang, Flexible Flyer, Steelcraft, and many other have their metal moving toys pictured and priced. 1996 VALUES -- Book Description
