**Charles Morgan : River Line** before purchasing it in order to gauge whether or not it would be worth my time, and all praised River Line:

4 of 4 people found the following review helpful. A real gem and a must read By Tiago Ramos This is one of the finest books I ever read. The mastery of language shown throughout the work makes it a pleasant read, the narrative flows at a nice, slow pace, with complete focus on the characters and on the drama of human responsibility. It is a tragedy, but one without the hysterics found on most books you come across today. Just a real human drama, masterfully and beautifully told.
