DC Comics, Vertigo/DC Comics : Sandman: King of Dreams 2004 Wall Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sandman: King of Dreams 2004 Wall Calendar:

1 of 1 people found the following review helpful. The Sandman Explained By Ron in Western Maryland An excellent book highlighting and explaining the 10 volume set of The Sandman by Neil Gaiman. Many of the same illustrations as contained in the original graphic novels, as well as very nice explanations of everything about the Sandman series. I read this book the first time when I got it from the Maryland Library system. I liked it so much I bought this copy for myself. If you like the Sandman series, I recommend buying one of these. 2 of 3 people found the following review helpful. Beautiful artwork from Gaiman's Sandman series By Talia I'm a member of postcrossing.com and send out several postcards to locations around the world every month. I love being able to send these beautiful cards to people. The artwork is lovely, and I almost always receive compliments on them when the receiver registers them on the site. They're also made of a thick cardstock with a matte finish. The weight is pleasing and the texture divine! Best of all, I get to share Neil Gaiman's incredible characters with people who will, hopefully, love them as much as I do! 0 of 1 people found the following review helpful. thank you! By B. Nelson I have searched long and hard for a poster of dream. just dream. it doesn't seem to exist at this time. i have searched poster websites, neil gaiman's site, comic sites, etc, all over the internet. i also went to several comic stores in my city. they only had one poster they could even order at this time. (the 20th anniversary one, which is an awesome poster, but of almost EVERYONE--and the pic of dream himself is kinda lame considering what's been done of him.) so this is as close as i have come to find anykind of

awesome sandman art, specifically of morpheus himself. so THANK YOU!!!!!!

Drawing upon some of the best comic book artwork from the acclaimed Sandman comic books and graphic novels, this calendar invites you into Neil Gaiman's world of the Dreaming.

"Easily one of the best comics series around." About the Author Alisa Kwitney is a former VERTIGO Comics editor and writer. The author of three novels, a graphic novel, and a work of nonfiction, she lives in New York City. Neil Gaiman is the New York Times best-selling author of American Gods and Coraline. He is the recipient of numerous awards for The Sandman.
