**From Brand: Scott Publishing : Scott Specialized Catalogue United States Stamps Covers 2006, 84th Edition**

before purchasing it in order to gage whether or not it would be worth my time, and all praised Scott Specialized Catalogue United States Stamps Covers 2006, 84th Edition:

0 of 0 people found the following review helpful. Five StarsBy Elizabeth JensenSon very satisfied by gift.0 of 0 people found the following review helpful. Five StarsBy Customergood0 of 0 people found the following review helpful. No need for 2013By Kenneth K. KochThis had been a library book and very well cared for. Cover edges taped to protect them. If you are looking at an older collection you do not need to spend the money for a 2013 or 2012 Scott's Catalogue. The information on the earlier stamps does change and you can save a great deal of money.

Activity for high-end material propels the market in 2006 Scott Specialized Catalogue. A thorough review of U.S. stamp values has led to adjustments for thousands of items throughout the catalogue. While activity for "high end" material was robust, values for fine, fine-very fine and even very fine stamps remains fairly steady. Selected classic issues, especially unused stamps with original gum, continue to gain in value.
