McqueenI expected more about the "how to quickly invest" in silver and gold part of this book and was a bit disappointed. However I did like the amount of detail, in depth definitions and history that the author included in the book. Lots of little obscure facts which are great to know. My two favorite books on investing in gold and silver so far have been:Stack Silver Get Gold - How to Buy Gold and Silver Bullion without Getting Ripped Off!andRich Dad's Advisors: Guide to Investing In Gold and Silver: Protect Your Financial Future0 of 0 people found the following review helpful.
