Claude Monet : Six Monet Cards (Dover Postcards) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Six Monet Cards (Dover Postcards):

Ridiculously inexpensive, you should collect them all. Once you have them, you'll resist ripping them out of the cute little booklet mailing them. Maybe, like me, you'll keep them in a drawer by your computer as handy fine art stress relievers. Bob Rixon 1 of 1 people found the following review helpful. If You Like Monet.... By John J. Checki Jr. Like Monet, and these cards are a big hit with family, friends, and clients. They are substantial and attractive. Remind buying a box or two and using them. 3 of 3 people found the following review helpful. Great for homeschool art or any art appreciation By Holly Beautiful
