Michael L. White : Skiing Collectibles before purchasing it in order to gauge whether or not it would be worth my time, and all praised Skiing Collectibles:

2 of 2 people found the following review helpful. Awesome!!By Debra KrupaThis is a great reference manual. Covering items like toys, games, dolls, skis, ornaments, posters, ceramics and even snowboards, I think it would appeal to anyone with an interest in skiing or collecting. It is a must have for anyone that has or collects any old ski related items. It has a complete pricing guide and is just packed with many colorful photos. A+++!

Includes skier snowbabies, dolls, ceramic figurines, ski books, magazine covers, vintage posters, early snowboards and much more-all color-includes pricing. Great Book!
